

COMPARISON CHART

Our CART underpinners work with CASSESE cartridge wedges : quick loading and change of wedges.

All our underpinners have constant lubrication of wedge distribution block thanks to pre-lubricated cartridge wedges.

CS1 CART

MOULDING JOINING CAPACITIES :

Width (mm) : mini 5
Height (mm) : 7-85
Stroke (mm) 140

Air supply :

-

Electric supply :

-

CS2 CART

MOULDING JOINING CAPACITIES :

Width (mm) : mini 5
Height (mm) : 7-85
Stroke (mm) 140

Air supply :

6 bars - (1,5L/cycle)

Electric supply :

-

CS20 CART

MOULDING JOINING CAPACITIES :

Width (mm) : 5 - 100
Height (mm) : 7 - 75
Stroke (mm) 140

Air supply :

6 bars - (1,5L/cycle)

Electric supply :

-

CS200 CART

MOULDING JOINING CAPACITIES :

Width (mm) : 5 - 150
Height (mm) : 7 - 100
Stroke (mm) 190

Air supply :

6 bars - (2L/cycle)

Electric supply :

-

V-FORCE 1 CART

MOULDING JOINING CAPACITIES :

Width (mm) : 5 -150
Height (mm) : 7 - 100
Stroke (mm) 190

Air supply :

6 bars - (2L/cycle)

Electric supply :

110/230V single phase

V-FORCE 2 CART

MOULDING JOINING CAPACITIES :

Width (mm) : 5 -150
Height (mm) : 7 - 100
Stroke (mm) 190

Air supply :

6 bars - (2L/cycle)

Electric supply :

110/230V single phase

MACH5 CART

MOULDING JOINING CAPACITIES :

Width (mm) : 5 -150
Height (mm) : 7 - 100
Stroke (mm) 190

Air supply :

6 bars - (2L/cycle)

Electric supply :

110/230V single phase

Auto-alignment : no need to adjust top clamp placement

Joining angle adjustment screw (+/- 90°)

Powerful double action horizontal clamping

Retractable Ultra clamps

Automatic movement from one wedge position to the next

Wedge reloading sensor

Barcode ready

Color touchscreen

Profile data storage capacity
